

Failure is a friend of mine.
We're well acquainted,
He and I.
I fail and fail,
And try and try,
'Coz Failure is a friend of mine.

I fail at work,
I fail at play,
I try and fail like twice a day.
But I'm glad to see him,
He's quite okay,
'Coz Failure is a friend of mine

I've failed with girls,
I've failed at love,
I've failed and cursed
The stars above.
But a better man, that I'll become,
'Coz Failure is a friend of mine.

But if you sum up my attempts,
And of the failures,
Take the less;
You'll find my crush,
Red-cheeked Success,
But Failure's still a friend of mine.
